Recommended For

Alfresco Areas

Paths

Stepping Stones

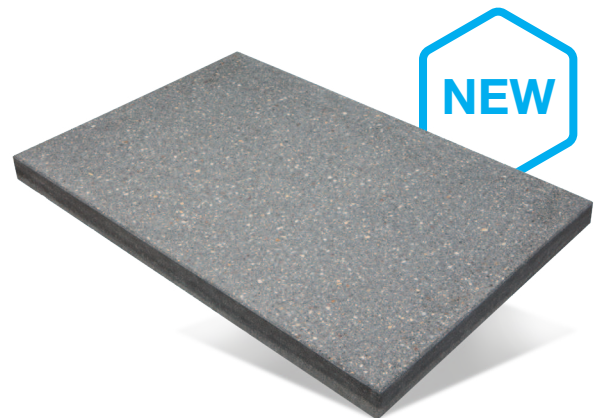

Pool Surrounds

Driveway Safe*

These premium large format pavers feature a near polished, honed surface texture which increases aesthetic appeal by exposing the natural aggregates within the paver.

The highly detailed finish includes a light shot blast which lightly textures the surface which achieves a P5 Slip Rating.

COLOUR OPTIONS

Due to natural variations in aggregates, colour tones may vary from batch to batch.

Whilst these swatches provide a good indication of the products colour, you should always sight product samples before use.

*When laid on a suitably prepared concrete base
